11. We dealt with the Sugar Division of the United States Department of Agriculture and the Tropical Products Division of the International Resources and Food Policy, Bureau of Economic Affairs of the Department of State. Our dealings with the Sugar Division included discussions of existing (1974) quota levels and the probable performance record of Central American Sugar Council members as well as routine administrative matters. Copies of the reports on the sugar industries of the Council members were forwarded to and discussed with personnel of the Sugar Division of the United States Department of Agriculture and the Tropical Products Division of the United States Department of State. Also, copies of those reports were sent to all members of the Committee on Agriculture of the United States House of Representatives and staff members of that Committee. (See Dissemination Reports dated February 25 and March 4, 1974.)

12. Our statement before the Committee on Agriculture of the United States House of Representatives was filed by our Dissemination Report dated March 7, 1974. The statement was delivered on March 8, 1974, and discusses all of the items listed in the Notice to Prospective Witnesses, Sugar Act Extension Hearings, dated February 4, 1974 (copy attached) as well as the position of the Council members on other aspects of the United States Sugar Act, i.e., length of proposed extension, quarterly quotas, size of quotas, quota termination provisions, etc. Our discussions with individual members of the Committee covered the same subjects, i.e., the quota levels and other provisions desired by the Council members in the proposed extension of the Sugar Act.
