**EXHIBIT A TO SHORT TERM REGISTRATION STATEMENT**
**QUESTION NO. 8**

The Argentine Center of Industrial Pharmaceutical Laboratories (CILFA) was established in 1964 as the association of domestic drug manufacturers in Argentina. Today, the companies belonging to CILFA along with other national laboratories represent 56% of the Argentine market. As such, they are among the most significant national pharmaceutical manufacturers in Latin America.

CILFA promotes local manufacturing of pharmaceuticals and the chemical substances used in their production. CILFA also strives to contribute to the development and improvement of techniques, methods and procedures applied in the pharmaceutical industry.

The association is a leader in upholding and strengthening the principles of free trade, free association, and legal safety according to the rights and warranties established by the Argentine Constitution. Argentine pharmaceutical manufacturers have long produced, under Argentine law, drug products designed to meet local needs at prices the Argentine people can afford.

In Latin America CILFA is also associated with ALIFAR, the regional association of domestic pharmaceutical manufacturers. Worldwide, they are associated with the international association, IIPA.
