Question 5

5. Each item checked above must be explained below in full detail together with, where appropriate, specific reference to and identity of the item in the registration statement to which it pertains. (If space is insufficient, a full insert page must be used.)

In question 5(d) of the previously filed Supplemental Statement for the period ending July 31, 2017, International Registries, Inc. responded that several short form registrants terminated their FARA-related connection with the foreign principal during the 6 month reporting period. In attachment #2 of that report, those five individuals were listed for Short Form de-activation.

International Registries, Inc. is amending that Supplemental Statement and removing Robert Fay, Florigio Antonio Guida, Guy Edison Clay Maitland, and Laura Sherman from the list of previous Short Form filers being de-activated. These individuals, upon review, may undertake FARA-related connections with the foreign principal. Accordingly, their prior Short Form registrations should be considered still active.

International Registries, Inc. would also like to clarify that the financial responses provided in the attachments for question 14(a) and 15(a) are for the period covering January 1, 2017 through June 30, 2017. The organization prepares financial information on a semi-annual basis and can only report for the first six months of this reporting period. Amendments for the two related attachments to clarify the covered dates are included with this amended filing.
