Re: Clarification about Glover Park Group's relationship with the Abu Dhabi Investment Authority

The purpose of this letter is to clarify the relationship between Glover Park Group, LLC (GPG) - Registration No. 5666 - and the Abu Dhabi Investment Authority (ADIA). GPG filed Exhibits A and B on January 7, 2011. Included in those statements was a copy of our contract, enacted on July 22, 2009.

Though the contract – and the registrant's work with the principal began in 2009, the work carried out prior to registration did not include activities that would require registration as an agent of the foreign principal under FARA statutes.
