8. If the foreign principal is not a foreign government or a foreign political party:

a) State the nature of the business or activity of this foreign principal.

The principal consists of private member companies that have business ties with the U.S. The principal creates platforms that strengthen economic relations between Turkey and the U.S. by organizing conferences, summits, and dinners, and preparing briefings, summaries, and other literature.

b) Is this foreign principal:

9. Explain fully all items answered "Yes" in Item 8(b). *(If additional space is needed, a full insert page must be used.)*

The principal consists of private member companies that have business ties with the U.S. Principal operates under the Foreign Economic Relations Board of Turkey (DEIK), which in turn operates indirectly under the auspices of the Turkish Ministry of Trade (MOT). While the MOT maintains some limited oversight authority over DEIK to ensure its continuity of operations, registrant has been informed that the Turkish government does not finance, control, or direct the activities of DEIK, or in turn, those of principal. DEIK's interactions with principal are limited to providing logistical support, similar to the support provided to approximately 142 other business councils. Due to overlapping priorities, registrant's work occasionally entails limited coordination with DEIK and administration representatives, and registrant is separately registered for work performed on behalf of the Turkish government and reports accordingly. In addition to the foregoing explanation, the contract is fully-financed by the principal, registrant's services will be directed by the principal, and registrant understands the principal to be a non-governmental entity. Despite these facts, registrant has opted to file this registration in an abundance of caution.

10. If the foreign principal is an organization and is not owned or controlled by a foreign government, foreign political party or other foreign principal, state who owns and controls it.

The principal consists of private member companies that have business ties with the U.S. Principal operates under the Foreign Economic Relations Board of Turkey (DEIK), which in turn operates indirectly under the auspices of the Turkish Ministry of Trade (MOT). While the MOT maintains some limited oversight authority over DEIK to ensure its continuity of operations, registrant has been informed that the Turkish government does not finance, control, or direct the activities of DEIK, or in turn, those of principal.
