TAIK is an association of private businesses in Turkey aimed at increasing the trade and investment volume between the U.S. and Turkey, particularly by U.S. companies. Registrant has been informed that TAIK is not owned, controlled or directed by any government or government-affiliated person or institution, and that funding for the activities of Registrant comes from general TAIK budget funds, which are funded by membership fees and private sector sponsorships. However, TAIK operates under the Foreign Economic Relations Board of Turkey (DEIK), which in turn operates indirectly under the auspices of the Turkish Ministry of Trade (MOT). While the MOT bears limited oversight authority over DEIK to ensure its continuity of operations, Registrant has been informed that the Turkish government does not finance, control, or direct the activities of DEIK, or in turn, of TAIK. DEIK's interaction with TAIK is limited to providing logistical support in line with support provided to approximately 142 other business councils. TAIK's activities are directed by an elected Executive Board which is elected by the General Assembly of TAIK, which consists of private member companies which have business ties with the United States. Because of the indirect linkage to the MOT via DEIK, and due to coordination with and work at the direction of the MOT and Turkey Promotion Group, as described in Exhibit B, Registrant has opted to file this registration. While Registrant understands that TAIK is itself a non-governmental entity as described above, TAIK is cooperating with government agencies in its work with Registrant and will act under the direction and control of the government agencies.

10. If the foreign principal is an organization and is not owned or controlled by a foreign government, foreign political party or other foreign principal, state who owns and controls it.

See Attachment 1.
