Appendix
Response to Item 8

Item 8: Describe fully the nature and method of performance of the above indicated agreement or understanding.

I am presenting this proposal as an individual deeply committed to the future of Afghanistan and the shared values of democracy, stability, and human dignity. My dedication to this mission is rooted not only in my Afghan heritage but in my profound respect and gratitude for the opportunities afforded to me by the United States of America.

As the highest GPA holder in Afghanistan, I was honored to be awarded a scholarship to attend Holderness School in Plymouth, New Hampshire. Following the U.S. withdrawal from Afghanistan, the United States government demonstrated extraordinary kindness by supporting my family's relocation, granting their refugee case with compassion and humanity. My family and I are forever grateful for the unconditional love and support the United States extended to us during that difficult time. For me, America is home, and it is with this sense of belonging and gratitude that I pursue this vision with full confidence in the values of the American people and their commitment to global leadership.

Tragically, my sister was killed by the Taliban (or ISIS) in Afghanistan on March 2, 2021. Her loss has profoundly shaped my resolve to continue her legacy by dedicating my life to the freedom of Afghan women from oppression. This mission is not driven by personal gain, but by a moral responsibility to protect the rights and dignity of women and children in Afghanistan, and to see the country emerge as a secure, advanced, and prosperous ally of the democratic world.

In addition to my commitment to Afghanistan's democratic future, I hold deep personal respect for the traditions of Freemasonry, particularly through my involvement with the Royal Masonic organizations in Canada and the UK. The values of enlightenment, scholarship, fraternity, and service to humanity inspire my work and align with my broader vision for Afghanistan's cultural and intellectual revival.

I also feel a strong historical and cultural connection with the State of Israel. It is my personal belief, and the belief of many Pashtuns, that we share ancestral ties with the people of Israel as part of the lost tribes. This forms the foundation of my intention to foster close, constructive relationships with Israel, not only for strategic partnership but as part of a shared historical journey toward a better future for both our peoples.

With great respect, I submit this work with full confidence in the greatness of the United States and its leadership in standing by those who share its democratic values. I am seeking support to carry this mission forward under proper mandate, in collaboration with the relevant agencies and policymakers who can help turn this vision into a reality.

Thank you for your time, consideration, and for the opportunities this great country has provided me and my family. I am fully committed to working respectfully, responsibly, and in partnership with those who share the desire to see Afghanistan rise as a peaceful, democratic, and respected member of the international community.

Respectfully,
Haroon Rahimi

Appendix
Response to Item 9

Item 9: Describe fully the activities the registrant engages in or proposes to engage in on behalf of the above foreign principal.

The activities I propose to engage in on behalf of this vision for Afghanistan's future involve independently advocating for the development and advancement of a comprehensive national revival strategy. As an individual, I will respectfully and confidentially engage with relevant U.S. government agencies, congressional offices, policymakers, think tanks, and allied diplomatic missions to present the proposal and seek appropriate guidance and support.

My focus will be on facilitating constructive dialogue regarding Afghanistan's long-term security, economic development, educational reform, women's empowerment, strategic alliances, and counterterrorism cooperation. I will conduct informational meetings, submit written proposals, participate in policy briefings when permitted, and engage with officials and advisors to promote Afghanistan's transformation into a democratic, prosperous, and reliable ally of the United States and its democratic partners.

All activities will be conducted solely by me in a self-sponsored, individual capacity. I will not represent any foreign government or political party. The purpose of these engagements is to advance mutual interests, promote regional stability, and contribute to long-term U.S. foreign policy goals by advocating for a strong, stable, and allied Afghanistan.

I will uphold the highest standards of professionalism, confidentiality, and respect for U.S. legal and institutional processes throughout this engagement.
